COMPLICATIONS

Been Around the Block: Skreet has been around a LONG time – created by the Proemial God Diablari at the universe’s infancy – and has a large reservoir of universal knowledge, as well as contacts across the universe. She has traveled in the company of Thanos of Titan as a kind of a sidekick and has been aligned with the space-criminal, Lunatik, as well as various other pirate/criminal operations in the modern universe, although she has no particular alignment with evil. In a nutshell, Skreet is a survivor first, and has demonstrated a pronounced talent since literally the beginning of time.

Enemies: The Proemial Gods killed most of the Chaos Mites except for Skreet herself. Lunatik has also made her list as his betrayal resulted in her internment at the Kyn.
